My one on one work is done on Wednesday through to Saturdays. Workshops are generally held 2 Saturdays a fortnight apart.

ALL WORKSHOPS ARE HELD AT THE CENTRE IN 20a ORMOND ROAD, ELWOOD

Caroline Myss Sacred Contract Archetype Consultancy

Part 1 & 2" SUN. 6TH. AUGUST 2006 AND
ALSO- SUN. 20TH. AUGUST 2006 bookings & deposits in by 21/7/06

Caroline Myss from America, holds a Doctrine in Theology, and has worked as a "Medical Intuitive for over 20 years. She has written many best sellers including "Anatomy of the Spirit," "Why people don't heal" and her latest best seller "Sacred Contracts". In "Sacred Contracts" she works with the Archetypes, and from this she has formed a wonderful archetype consultancy, which is now being practised by consultants that have trained with Caroline and her Institute.

We all have a Sacred Contract, which accesses our major life lessons. This contract comprises of 12 archetypal behavioural patterns, which we use to act out our major life lessons. The four archetypes that are universal to all are The Child, The Victim, The Prostitute and the Saboteur, in the "Sacred Contract Archetype" book.

In this weekend workshop you will begin to recognise within yourself and others, the major patterns of behaviour common to everyone, as we preview the archetypes this workshop acts as an introduction into the archetypes that make up your "Sacred Contract". Using this knowledge, you will create your "Sacred Contract", your individual agreement with the Divine, before you incarnate. Our search is made easier when we use this tool to help us to step back and watch our lives unfold through the lens of symbolic perspective. Miriam will also teach you how to process your archetypes through the chakras so that you can continue to work on yourselves to reach your full potential. Commencing Sunday 6/8/06 arrive @8.50 a.m. for sharp 9.00 a.m. start through to 6.00 p.m. and Sunday the 20th.

Kinergetics

Kinergetics is a creative healing modality that uses healing energy as the only correction. Kinergetics is fast, non invasive, simple and effective method of releasing pain and stress and locating and correcting some of the emotional and metaphysical causes of disease. As with other systems Kinergetics uses Muscle testing.

Muscle testing is a natural feedback system, using an indicator muscle, which supplies information via the nerve pathways and meridian systems of the body. By this process, we can accurately access information, which is not normally available to the conscious mind, to identify and locate energy blockages and imbalances within the physical and metaphysical being. These stresses are then corrected and anchored into the brain to enhance healing, resulting in changes on all levels, structural, emotional nutritional, and metaphysical. Positive results include relief of pain, food sensitivity and allergies balanced, relief from all types of stress, stress management, personal growth, well being to name but a few.
